DATA100 - Midterm 1 Information Sheet

Agassi Iu ▪ Fall 2026

Logistics

Course	*DATA100*
Term	*Fall 2026*
Date	*Tuesday, October 6, 2026*
Time	*16:00 - 17:20*
Duration	*80 minutes (in-class)*
Location	*LH1010*
Sections covered	*Chapters 9-11 Visualization*

What to bring

- Student ID card (Laurier One-Card)
- Pens/pencils
- One double-sided handwritten formula sheet
  - You can put whatever you want on these formula sheets.
  - But everything must be handwritten (not even printed off from written notes on tablet)
  - I will be checking these formula sheets on the day of the exam
- *Everything else (e.g. phones, smart watches, other electronics, bags, etc.) should be turned off and stored away at the front of the room.*

Format

15 multiple choice questions and 3 short answer questions.

How to prepare

- Review lecture slides/materials, in-class exercises, and course references in the textbook (see course syllabus)
- Review pre-lab and in-lab assignments
- Practice reading and interpretting plots
- Redo the practice questions set posted on the course site
